

All-weather Environmental Feature-Set

Designed with a durable **All-weather Environmental Feature-Set**, SunBriteTV engineers their televisions for permanent outdoor installation:

- The extra bright LCD screen is integrated into an all-weather exterior that protects the internal components from rain, dirt, insects and scratches.
- **Quad-fan Airflow System** keeps the unit cool and dry in temperatures up to 122 degrees F.
- **Internal Thermostatically-Controlled Heater** protects TV in temperatures as low as -24 degrees F.
- **Innovative Water-tight Cable Entry System** with pass-through design keeps cables dry and allows for easy hook-ups.
- **Anti-Reflective Window** reduces glare, increases contrast and protects the LCD screen.
- The speakers, control buttons and remote control are also water- resistant.
